PuroClean is also a full-service mold remediation company. With our experienced staff and equipment, we have the ability to perform remediation efforts in the most efficient manner from beginning to end. Remediation services include containment, negative air equipment, removal, cleaning, demolition, and appropriate anti-fungal treatments.

Procedures are based on current standards of environmental recommendations and the concurrence of all interested parties with the written protocol. PuroClean is committed to the continuing education and training of our field and supervisory staff to remain current with the latest techniques, technologies, and practices for mold remediation.

Our customers receive the white-glove treatment with each and every loss that they incur. Staffed with employees to not only handle the mitigation of an emergency loss, PuroClean writes an itemized estimate for insurance, reviews and handles negotiations with insurance adjusters, and provides services for reconstruction, bringing properties back to whole.

Full-Service:

- **Emergency Mitigation Services**
- **Estimating, Negotiating, and Settling with Insurance**
