

# PuroBINGO

When the game begins, two words will be drawn and sent, via email, each day (Mon - Fri), excluding holidays. Mark your game card with an "X" so that the word is still visible for verifying purposes or the card is *VOID*.

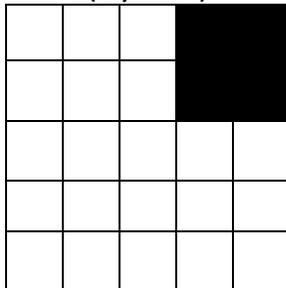

A BINGO champion must have their winning card in by 5:00pm on the day of their victory by email, the first time stamp will win in the case of more than one submission in a day. Winning patterns are listed below.

The winner will be announced the following day and that particular prize will no longer be available.

There will be one winner per card, per game. The round will end once all prizes have been claimed.
